 **QI XIANG** Hotpot

**Originated from the Qi Xiang Chicken Pot in Kovan, we have now expanded into our flagship hotpot concept at The Chevrons!**

The concept here is slightly different from the existing branch at Kovan. While we still use claypots to cook their popular chicken pot, at this new branch, you can enjoy some hotpotting as well. This is made possible by using a yuan yang claypot so that you can enjoy the best of both worlds. Enjoy a total of 80 dishes at reasonable price including some local delights with a twist that are offered at the Kovan coffeeshop.
